CAREER PROFILE >>

Mill Supervisor

Name: Michael Moar, R.S.E.

Home Community: Muenster, SK

Education: Industrial Mechanic Red-Seal Certification

Employer: The Mosaic Company

Details of Job: Start off day with Toolbox talk and safety concerns. Lead and manage a high performance team, through ensuring that direct reports understand their daily work and their roles; provide a clear picture for employees of how to grow and develop while motivating them to reach their maximum potential; give timely and constructive feedback to employees (e.g., recognition, developmental/performance guidance); ensure employees are safe, engage and understand how they contribute to Mosaic's overall vision and goals; manage performance issues; work with all other departments to achieve safe productive tons with the least amount of downtime.

Education Path: Grade 12 Academic Diploma, Red Seal Endorsed Interprovincial Industrial Mechanic, Level 1 Infrared Investigator, Level 1 Infrared Building Investigator, Level 1 Ultrasonic Inspector, Cat 2 Vibration Analyst.

About the Job: This job is in a fast pace environment where maintenance needs can change in the blink of an eye. It makes you think outside the box in some cases and work with others to find a possible repair solution. Working with many other trades and other experts in their fields keeps the job interesting and exciting. Being open minded, attentive and always trying to learn, to better yourself are definitely good assets to have.
