

# SASKATCHEWAN METALLIC MINERALS

A snapshot of Saskatchewan's metallic minerals industry in 2022.

Gold's many uses include dentistry, jewellery, medical and electronic applications. Base metals, including copper, are essential for electrification.

Saskatchewan has one producing gold mine, SSR Mining's Seabee Gold Operation, located approximately 125 kms northeast of La Ronge.

Hudbay Minerals' Cu-Zn facility in Creighton-Flin Flon completed mining the orebodies in 2022 and are currently in the process of safely decommissioning and reclaiming the former mine site.

## ECONOMIC CONTRIBUTIONS

HUDBAY

### FINANCIAL

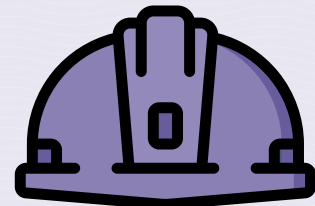

**CONTRIBUTION TO GDP:**  
**> \$128.3 Million**

**TAXES:**  
**> \$48 Million**  
(Federal, Provincial and Local)

### EMPLOYMENT

For **every direct job** in the Saskatchewan mining industry, there are **at least two jobs** in the mining supply and service sector.

**DIRECT JOBS**  
**463**

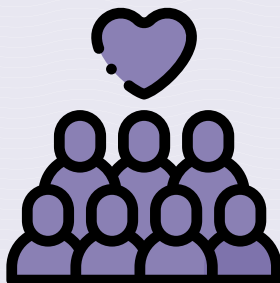

Saskatchewan employees including longterm contractors

### COMMUNITY INVESTMENT

Saskatchewan mining companies invest in community initiatives, programs, and causes that enhance quality of life across the province.

**> \$1 Million**

Invested in local organizations, Indigenous partnerships and scholarships

**SALARIES (employees only)**  
**> \$57 Million**

Total payroll

**\$109,720**

2022 national average salary of employees in Saskatchewan mining industry – 50% higher than average annual earnings of Saskatchewan workers.

**Metallic minerals are valuable resources that have a significant positive impact on the economy of Saskatchewan and its communities.**

## PRODUCTION

Saskatchewan's 2022 gold production came entirely from **SSR Mining's Seabee Gold Operation**.

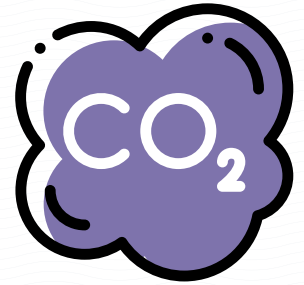

The Seabee mill facility produces gold doré bars that are shipped to a third party refinery.

**RECORD PRODUCTION**  
**136,125**  
troy ounces

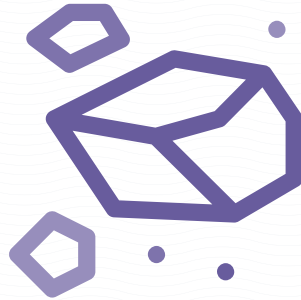

## GHG EMISSIONS INTENSITY

**.51 tonnes**  
**CO<sub>2</sub> e**  
per oz gold produced

## MINERAL RESERVES

totaled  
**476,000**  
ounces of gold

## SAFETY

**Mining is one of the safest industries in Saskatchewan, and in Canada.**

Lost Time Injuries per 1 million hrs. worked: **2.4**

## PROCUREMENT

**> \$68 Million**  
goods and services procured from Saskatchewan businesses.

**> \$22.3 Million**

goods and services procured from partially-owned or fully-owned SK Indigenous businesses

Statistics have been compiled from information provided by Saskatchewan's two producing uranium mining companies, Canadian Nuclear Association, Government of Saskatchewan Dashboard and Statistics Canada. All numbers are from 2022.
