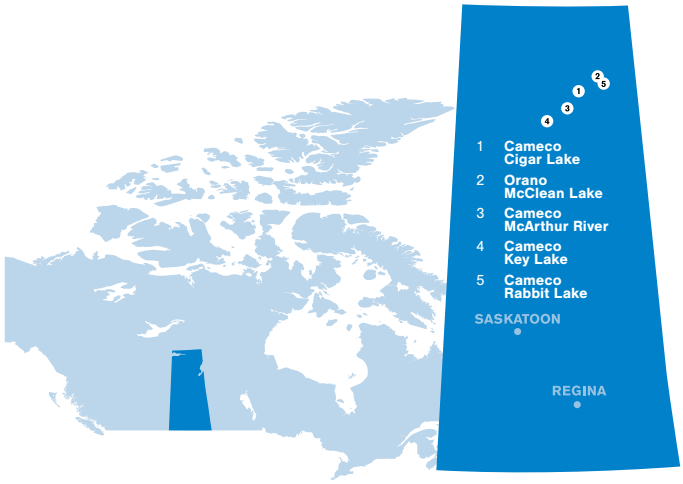
SASKATCHEWAN URANIUM

Energizing the world

A snapshot of Saskatchewan's uranium industry in 2025

Saskatchewan is home to the world's highest grade uranium mines.

Saskatchewan uranium is a critical mineral used worldwide to produce the nuclear fuel for **safe, reliable, clean-air electricity**.

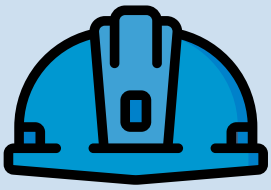


Cameco orano

Cameco Corporation and **Orano Canada Inc.** are the two companies operating the facilities that produce all of Canada's uranium. Both are committed to strong northern partnerships, particularly with Indigenous people, and emphasize safety, environmental protection and socially responsible conduct in every aspect of their businesses.

EMPLOYMENT

Uranium mining **employs Saskatchewan residents** and is indirectly responsible for many more jobs and careers.



DIRECT EMPLOYEES
2,653

CONTRACTORS
1,227

42% of minesite employees are residents of Saskatchewan's north

SALARIES

$443 Million

total payroll of direct employees.

$155,169

The average annual salary of employees in the Saskatchewan mining industry is 2.3 times higher than the average annual salary of Saskatchewan workers.
